

Driver Fair Processing Declaration Form

When placing your order for a new car, your dealer will need the licence details of your proposed named drivers, including yourself if you wish to drive. If you already have a Motability Scheme car you will still need to provide these details even if you are not making any changes to your current drivers. Before you can proceed with your application, all proposed named drivers will need to confirm they will abide by the Scheme guidelines and acknowledge the fair processing declaration to have their licence checked against the DVLA driver licence database.

Your proposed named drivers will need to be with you when you place your application for a new car. In exceptional circumstances if your proposed drivers are not able to go with you this form must be completed and signed in full and taken to your dealer along with a copy of their driving licence. **Please note, you are only required to complete this form if your proposed named drivers are not present at the time you place your order.**
