## A few important things to remember

### Insurance & Damage

- Only people who are named on your Motability Scheme car insurance can drive the Hire Car.
- You are only insured to drive one vehicle at any time, so once you are in possession of your Motability scheme car, you must stop driving the hire car.
- You will be responsible for any unrecorded damage, damage occurred during the hire or any accident damage up to the value of the Insurance Excess.
- If you notice any damage which is not recorded on the Rental Agreement, after taking delivery of the Hire Car, it is important that you call First Call Assist on 0800 0280 999 within 24 hours of taking delivery.
- If you have an accident or sustain damage to the hire car during the hire period, you will need to call First Call Assist on 0800 0280 999. Your Motability Scheme car insurance transfers across to your hire car and any accident damage in the hire car must be reported to First Call and to Direct Line Motability.
  - At the end of the hire, a claim will be raised on your insurance policy, you will need to pay an insurance excess of £100 to Europcar. The insurance excess for damage to any windscreen or glass is £50.

### Extending and returning your hire car

- Any rental extension should be done via Motability Operations Ltd, RAC or Direct Line Motability, depending on who is managing the Car Hire. If you need to extend the length of hire, please contact Motability Operations Ltd, RAC or Direct Line Motability, depending on who is managing the Car Hire, and they will discuss this with you.
- Please do not negotiate this with the Europcar station or repair garage, as they cannot affect any changes. If you do not speak with the relevant party (Motability Operations Ltd, RAC or Direct Line Motability, dependent on who is managing your Hire Car) about changing or extending your Hire Car, you may incur extra charges.
- If you are collecting your Motability scheme vehicle from a dealership or service centre, please drive your Hire Car and hand it back there. Alternatively, if your Motability scheme car is returned to your home, please contact the team that booked the Hire Car for you at Motability Operations Ltd, RAC or Direct Line Motability to arrange collection.
- Once the collection has been passed to Europcar, they have up to 8 working hours from the time given to collect the hire car. Please ensure all of your personal belongings are removed from the car and that you have re-fuelled the car prior to the collection date and time. You must not drive the hire car after the collection has been passed to Europcar.

### Breakdown Assistance

- If you need breakdown assistance, please call The AA on 0800 0724 792. The number can also be found on the information sticker displayed on the vehicle windscreen.
- For matters relating to Tyres or Windscreens, please contact First Call Assist on 0800 0280 999.

### Driving Abroad

- If you need to take the hire car abroad, you are required to obtain Europcar's permission to take your Hire Car abroad – this includes the Republic of Ireland.
- Please contact Motability Operations Ltd, RAC or Direct Line Motability, depending on who is managing the hire car, and they will arrange this for you with Europcar. Europcar will provide a Vehicle on Hire certificate (VE103B) before you travel and the breakdown cover details. You will also be required to obtain a Green Card from Direct Line Motability. Please note: Travel to certain countries will not be authorised by Europcar. Restrictions also apply to certain car types that are not permitted to travel outside of the UK. Europcar will advise on issue of the VE103B form.
- In most cases you do not need an International Driving Permit to drive in the EU. It is your responsibility to check if you need an International Driving Permit by visiting the following government website [www.gov.uk/driving-abroad/international-driving-permit](http://www.gov.uk/driving-abroad/international-driving-permit). If you do need an International Driving Permit, you can purchase one at most Post Offices.
